

## **SUFFICIENCY OF INSTRUCTIONAL MATERIALS**

California Education Code (EC) Section 60119 Section 60119(c)(1) states that sufficient textbooks or instructional materials means, “each pupil, including English Learners, has a standards-aligned textbook or instructional materials, or both, to use in class and to take home.” In order for digital instructional materials to meet the definition of sufficient instructional materials, students need to have access to the materials both at school and at home.

To provide students access both at school and home, the CEO/Principal or designee along with the Director of Business Services shall ensure that:

- Adequate digital and/or hard-copy instructional materials are purchased annually;
- Internet-enabled devices are available to all student for daily use;
- Internet access is made available for home use, as needed.

No student will be required to provide a personal device in order to access instructional materials at school or at home. If a student requires a device or internet connectivity in order to access instructional materials at home, Allegiance STEAM Academy will provide a school-issued device and/or internet access device. Any family requesting a device or internet access may be issued either by contacting the CEO/Principal or designee.
